STUD SERVICE CONTRACT

- I. Both parties agree that this breeding is being conducted for the betterment of the Rottweiler breed.
- II. Both the stud and the bitch must have a good temperament and have no disqualifying faults under the current AKC Rottweiler breed standard, must be OFA certified to be clear of hip dysplasia with a rating of "Fair" or better, Cardiac – Normal, must be in good health, must be tested for and free of parasites and sexually transmitted disease, and all shots must be current for the year.
- III. The owner of the bitch agrees to keep the bitch confined and inaccessible to all other male dogs from the start of estrus until the estrus cycle is fully complete.
- IV. It is suggested that the bitch be checked by a veterinarian prior to breeding to ensure that she is at the optimal time of estrus. If the bitch owner is unable or unwilling to do this, no guarantee of pregnancy can be provided. If agreed upon by both parties, veterinary charges for such testing performed by the stud owner are the responsibility of the bitch owner.
- V. The following must be provided by both parties prior to the breeding:
 - Photo static or electronic copy of any Titles earned
 - Photo static or electronic copy of the OFA Certification(s)
 - Photo static or electronic copy of any additional health certifications
 - Photo static or electronic copy of the AKC ownership
 - Photo static or electronic copy of the pedigree
 - Current brucellosis test results
 - Vaginal culture and sensitivity (bitch only)
- VI. Stud fee is **\$1500.00** to be paid 1/2 at the time of breeding with the remaining 1/2 to be paid upon whelping. No stud fee will be refunded in whole or in part. Should the bitch fail to whelp, have less than two live puppies, or less than two puppies fail to survive to 8 weeks, a free return service will be given by the same stud dog at the next estrus cycle of the same bitch provided both dogs remain in good health
- VII. If a puppy is to be received instead of a cash stud fee, the stud dog owner will be given the first pick puppy of the resulting litter as agreed to by both parties. The owner of the stud will decide when to select the puppy, but must do so no earlier than six weeks of age and no later than eight weeks of age.
- VIII. Notice will be provided to the stud dog owner within 48 hours of whelping.
- IX. If the stud dog is not available at the time return service is needed, service will be provided at the following estrus cycle.
- X. If the bitch changes ownership, this contract is terminated.
- XI. By signing this contract, the stud and bitch owners agree that the puppies produced from this breeding will be placed in proper homes and will be sold on a contract in accordance with a Code of Ethics club's Standard for Sales. It is further agreed that puppies produced from this breeding will not be sold to any owner, employee, agent or individual connected with a wholesaler of purebred dogs, guard or attack business.
